

Program Standards for Excellent Scouting Programs

Scouts Canada has developed Program Standards for each of our sections. Having these minimum standards in place, and working with leaders to meet or exceed them, will ensure that leaders deliver programs at a high level of consistency across the country.

In past years, it has been very difficult to judge program quality levels with certainty from section to section. Scouts Canada knew what it wanted youth and adults to receive in terms of excellent programs, but couldn't guarantee that members would receive this. With program standards, Scouting will be able to ascertain many quality factors, such as number of outings, number of camping trips per year, and linking opportunities.

Set Nationally

The National Program Services Committee (made up of volunteers representing the program sections) established the Program Standards several years ago after consulting Scouters in each province. Provincial commissioners endorsed the new standards.

Members of the National Program Services Committee believe that the standards have been set at a reasonable level to guarantee that youth receive the fun, challenging, outdoor program for which they joined Scouting.

Scouting recognizes that, in fact, most of our groups currently operate programs that in many ways exceed these standards. This is excellent, and Scouts Canada encourages this to continue. However, Scouts Canada also recognizes that some groups do not currently meet these standards. The new standards provide guidance and direction to these groups.

The Program Standards will allow leaders to more consistently plan and conduct their programs, and explain to parents and youth what they can expect to receive when they join.

Bring on the adventure! Make sure your group meets or exceeds Scouting's Program Standards.

Check Off the for Excellence

The standards (in English and in French) are presented in this month's *Sharing*, *Paksak*, *Patrol Corner*, and *Venturer Log* columns (pages 20-29).

Each requirement has a check box opposite it for leaders to use when they're planning and evaluating their programs. When all check boxes are filled, leaders know that they are delivering a program that meets all Scouting requirements.
